Personal information contained on this form is collected pursuant to Freedom of Information and Protection of Privacy Act/Municipal Freedom of Information and Protection of Privacy Act and will be used for the purpose of responding to your request. Questions about this collection should be directed to the Freedom of Information and Privacy Coordinator at the institution where the request is made.

**This information is requested pursuant to the MFIPPA and as a municipal mayoral candidate:**

- The business plan submitted to the municipality by Everlast Group with respect to the proposed Boardwalk on the Thames development, including references.
- All architectural plans, structural plans, site plans, surveys, blueprints, floor plans, excavation details, LTVCA approvals, soil tests, environmental assessments and setback distances provided by the developer in support of the project or to secure building permits to enable the December start stated by Victor Boutin in the media. Also, maps showing municipal setbacks.
- The zoning applications submitted by Everlast Group for the proposed Boardwalk on the Thames development to allow digging to begin in December. How long would the zoning and approval process normally take on a project of this scale? Is a December start plausible?
- The cost to taxpayers of any re-alignment of King Street to remove the 35 degree angle that is not depicted in the building frontage on the developer's concept drawing.
- The regulated parking requirement of a building with 22 hotel rooms, 64 condos, and 15,000 square feet of retail space.
- Any irrevocable letters of credit, proof of financing, and promises of performance attached to this development, and any documents in which the project is verified for financial viability.
- All correspondence between Everlast Group, Victor Boutin, or any agent, and Chatham-Kent Economic Development Services, Mayor Randy Hope, and municipal administration.
- Full particulars of any accommodations, variances, incentives, or municipal resources that have been provided or promised to Everlast Group and its principals in association with the Boardwalk, Park Street United Church, and YMCA proposals, including the cost to taxpayers.
- Future municipal costs that would typically be associated with a project of this magnitude.
- Records of all municipal assistance and service provided to Everlast Group and its principals to date, and any expenses incurred by the municipality. Who arranged Mr. Boutin's press conference with mayor Hope held September 30, 2010? Was this an EDS endeavour?
- A fair valuation of municipal staff time spent dealing with Everlast Group proposals, in dollar value.
- All other documents under municipal control relating to Everlast Group, including their Everlast Restoration bid to replace the Jacob Road Bridge submitted in response to Public Tenders that closed December 19, 2000, and any other tenders for which they submitted bids.

**With respect to a high-rise building proposed for the YMCA site:**

- Is this property zoned for such a development?
- Would a high-rise building directly across the river from the Chatham-Kent Health Alliance helicopter landing pad cause restrictions to medivac access?

At this time, I am only requesting to view the documents, but I may request copies of particular items later depending on what is disclosed. This request is time-sensitive. Please provide a prompt reply.
